

Multiple Magnetic Stirrer

Applicable scene: Environmental protection, chemical industry, energy, light industry, experiment, etc

■ Presentation

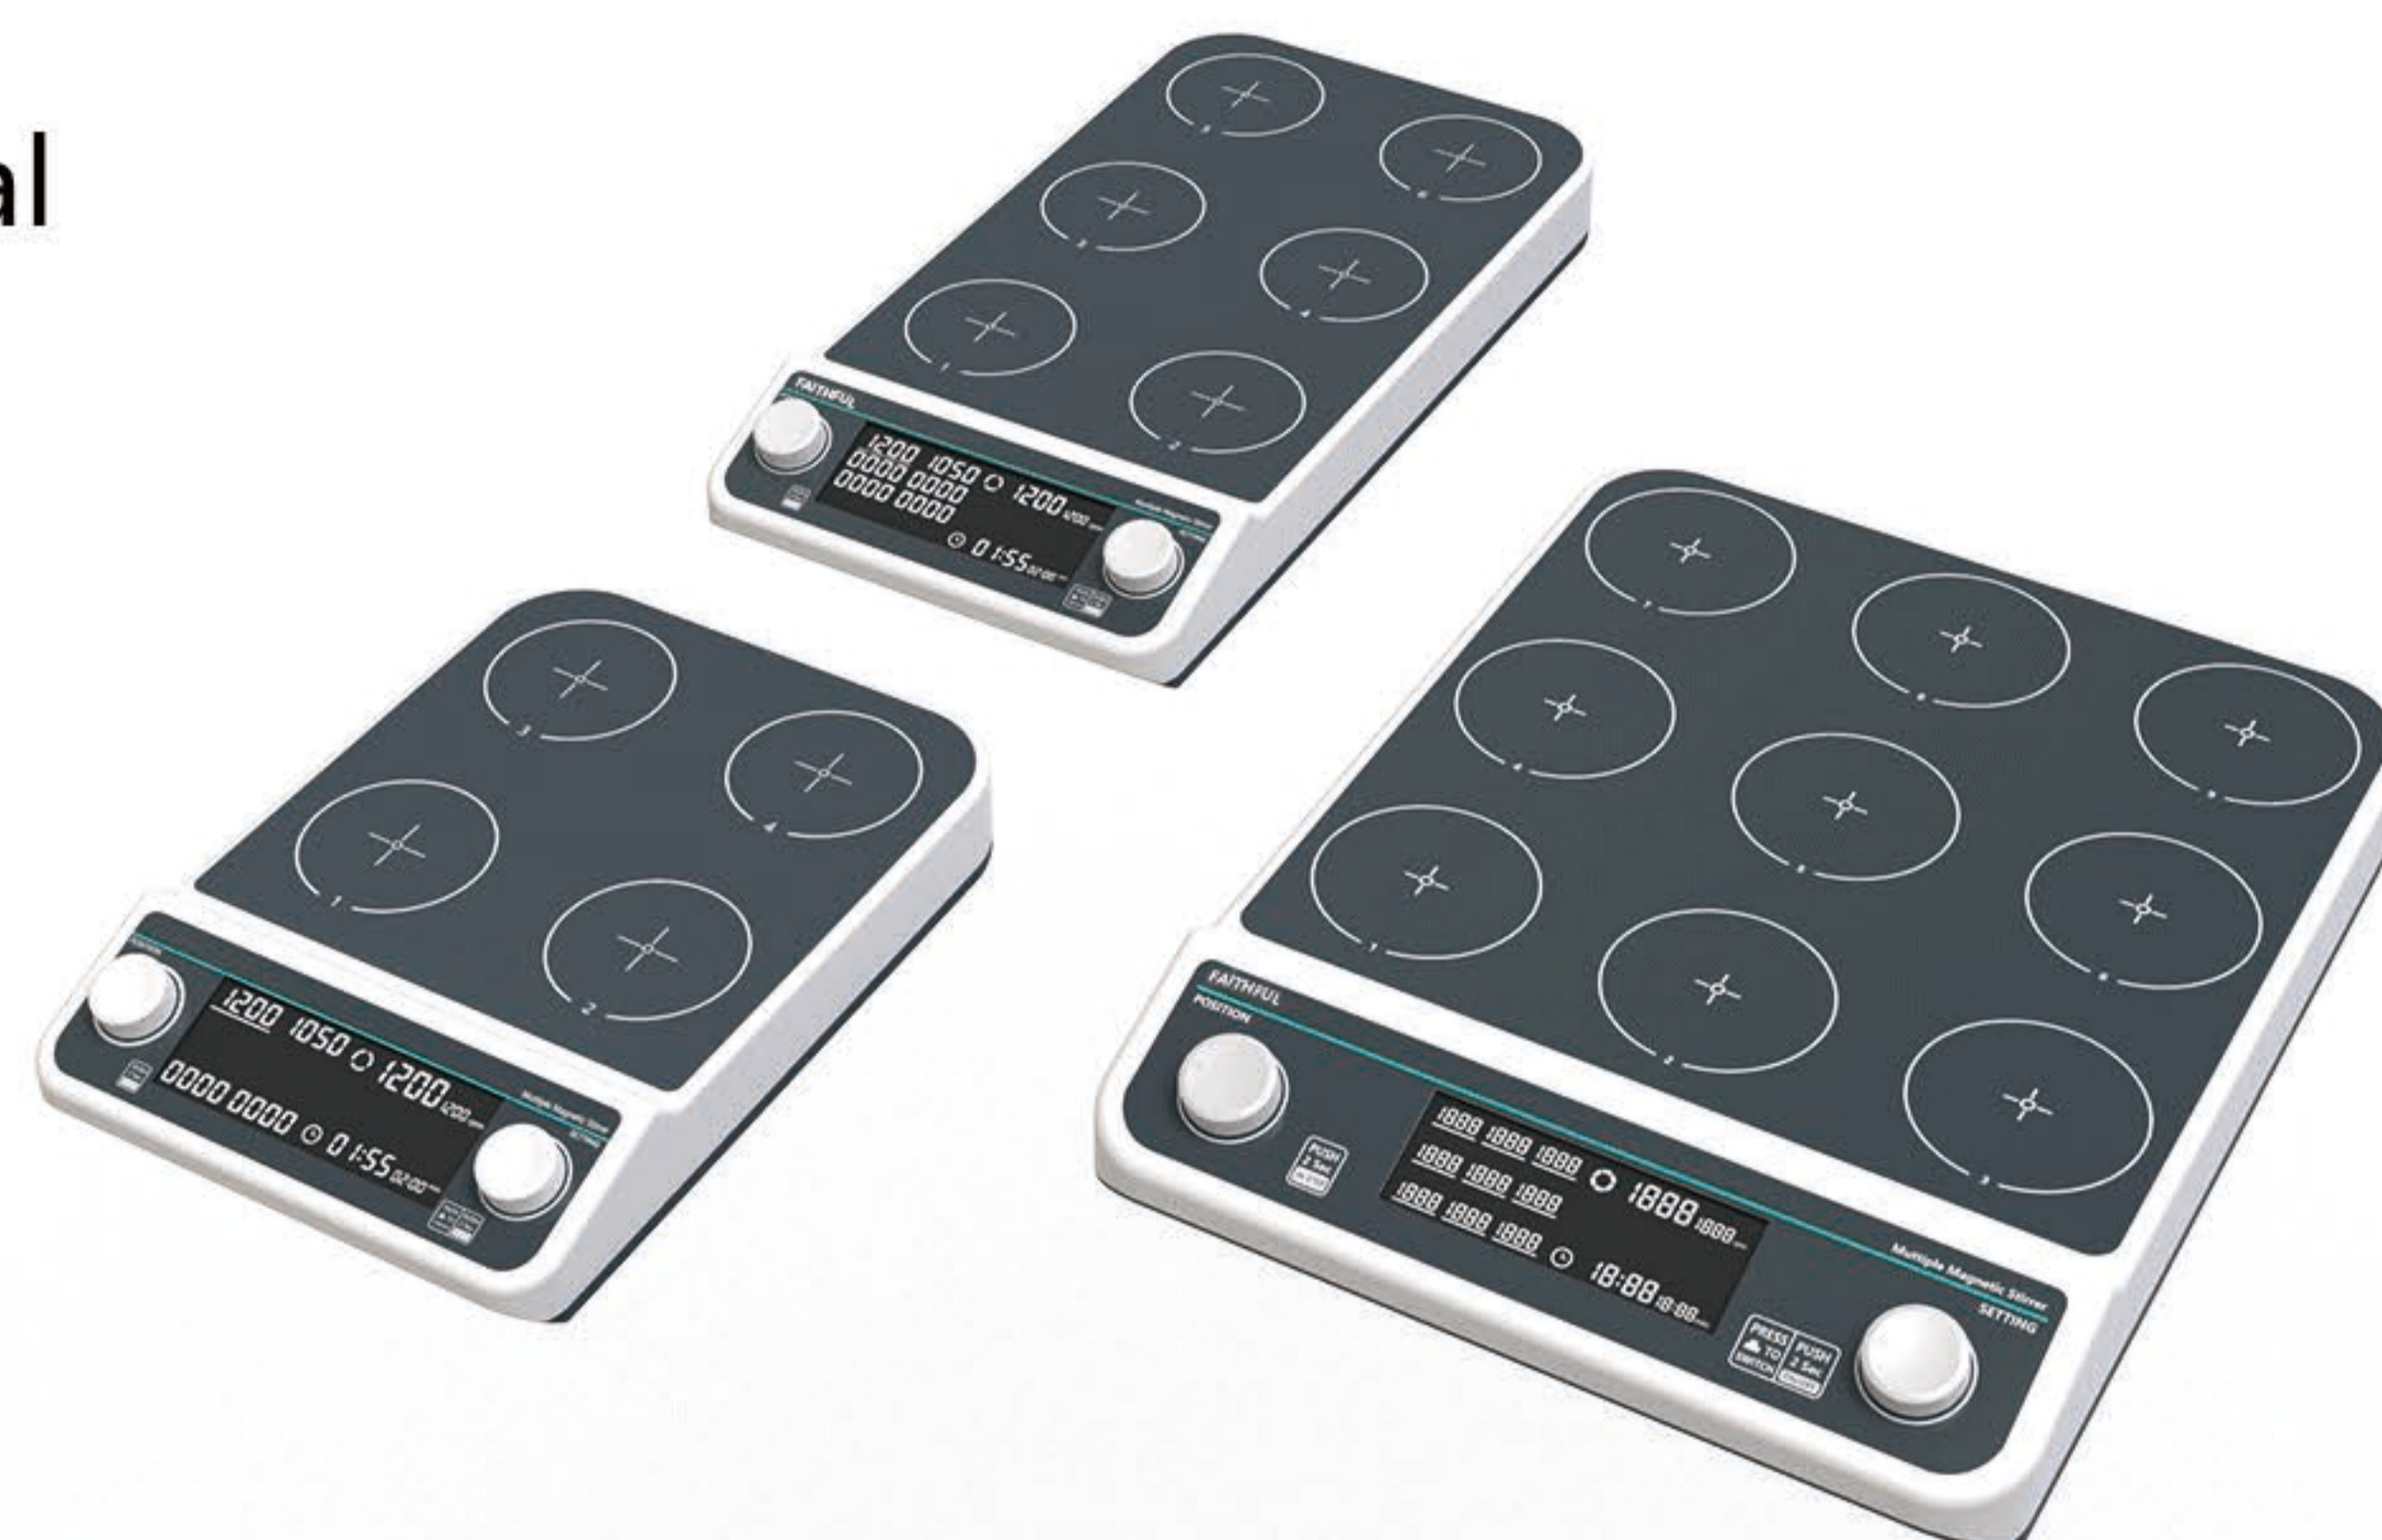

LCD display.

Timing and locking function.

Can work synchronizable and asynchronous.

Brushless motor.

Max capacity 500ml for each station.

■ Products

■ Parameters

Model	MMS4Pro	MMS6Pro	MMS9Pro
Control	Asynchronous control		
Number of stirring points	4	6	9
Max capacity	4*500ml	6*500ml	9*500ml
Working plate size	4-(110*110mm)	6-(110*110mm)	9-(110*110mm)
Motor	Brushless motor		
Speed	50-1500RPM		
Bar size	Z30mm		
Timing	1min-19h59min		
Voltage	AC100-240V		

Multiple Magnetic Stirrer with Heating

Applicable scene: Environmental protection, chemical industry, energy, light industry, experiment, etc

■ Presentation

LCD display.

Timing and locking function.

Can work synchronizable and asynchronous.

Brushless motor.

304 stainless steel plate, corrosion resistant.

Max capacity 500ml for each station.

■ Products

■ Parameters

Model	MHS4Pro	MHS6Pro
Control	Asynchronous control	
Number of stirring points	4	6
Max capacity	4*500ml	6*500ml
Working plate size	4-(110*110mm)	6-(110*110mm)
RPM	50-120RPM	
Plate material	304Stainless steel	
Plate temperature	120°C	
Timing	1min-19h59min	
Bar size	Z30mm	Z30mm
Power	240W	360W
Voltage	AC220V
